SUBHAM VIDHYALAYA SCHOOL(CBSE)

72

## 👤 INTERNSHIP

**OASIS INFOBYTE**

10 Feb 2023 - 10 March 2023

Developed website Based on the task allocated with basic HTML,CSS and Javascript

## 💡 PROJECTS

**IMAGE BASED PLANT DISEASE DETECTION**

A smart solution to detect the plant disease by using the image of the plant for the particular plants. The proposed system will identify the disease and show and also suggest the pesticides and fertilizer that can cure the disease. Because of this the ( farmers can increase the yield as well the economic growth.

**RETAIL INDUSTRY**

Implemented distributed system application

## 🏆 ACHIEVEMENTS & AWARDS

Participated in Ideathon

Won 1 place in Long jump in school

## 👤 CERTIFICATIONS

PEGA : CSA ( PEGA CERTIFIED SYSTEM ARCHITECT)

CISCO - Introduction of cybersecurity

CISCO - Cybersecurity essentials

Introduction to Internet Of Things from NPTEL
